DESCHUTES RIVER
CONSERVANCY

DAVID KINKER

SUPPORT OUR BASIN-WIDE RESTORATION WORK BY SPONSORING RIVERFEAST 2022

**THE DESCHUTES RIVER CONSERVANCY IS A LEADER IN COLLABORATIVE, INNOVATIVE,
& EFFECTIVE SOLUTIONS FOR COMPLEX WATER ISSUES IN THE DESCHUTES RIVER BASIN.**

Water is top of mind this year and extreme drought has affected the entire basin now for multiple years. Business as usual is no longer an option -- we need fresh thinking. For the past 25 years, the DRC has been building bridges between diverse stakeholders and developing the relationships crucial to healthier rivers and streams and greater water equity. Now is the time to act. Agreements are in place, infrastructure funding is available and projects are ready to help make Central Oregon more resilient now and into the future.

At RiverFeast 2022, we invite you to celebrate this beautiful watershed we call home. Learn about our latest restoration initiatives, uplift diverse perspectives, participate in a unique and immersive river experience, and enjoy some time with your fellow river lovers. Your sponsorship will help us continue on with our mission to restore streamflow and improve water quality in the Deschutes River Basin.
